Regulations and Information

General

All Pari-Mutuel pools are calculated and distributed in accordance with the regulations and directives as issued by the Canadian Pari-Mutuel Agency. All tickets should be held until the race is declared official and the prices are posted. Notice boards are located in the Grandstand. The approximate odds represent only the probable payout price of the win pool at the time they are posted and have no bearing on the payout price of any other pool.

Where the appropriate odds for any horse posted at "1 to 9" the pay out price based on a \$2.00 ticket in the win pool may be \$2.10. Where the approximate odds for any horse are posted as "99:1", the pay out price based on a \$2.00 ticket in the win pool may be greater than \$200.00.

As per Provincial Regulatory Rules, no person under the age of 19 shall purchase or cash a Pari-Mutuel ticket.

A winning ticket is valid indefinitely.

Entries and Mutuel Fields

"Entry" means two or more horses in the same race which for the purpose of pari-mutuel betting are coupled or considered as the same betting interest. The most common reason for the coupling of horses in entry is the fact that they are owned by the same person. "Mutuel Field" means two or more horses in the same race which, for the purpose of pari-mutuel system. Subject to the Regulations, a bet on one horse of an entry or mutual field shall be considered a bet on all horses in the entry or mutual field starts in the race. All tickets purchased on the entry or mutual field remains valid.

Daily Double Betting (Including Late Double)

A "Daily Double" is a betting transaction in which a purchaser of a ticket undertakes to select the winners of each of the two races specified for the daily double. The daily double is operated as an entirely separate pool and is not affected by wagering in other pools opened on the daily double races. Should a horse or horses (not coupled with a starter) be excused from starting in the second race of the daily double after the first race of the daily double has been declared official, holder of tickets on such horses, coupled with the winner of the first daily double race shall participate in a Consolation Daily Double.

Exactor Betting

An Exactor bet is a betting transaction in which a purchaser of a ticket undertakes to select the first two horses representing different betting interest to finish in the exact official order of finish, in the race on which the pool is operated. If the same betting interest finishes first and second (i.e. 1-1-, 2-2), the payout will be on the horses finishing first and third.

Quinella Betting

A Quinella bet is a betting transaction in which a purchaser of a ticket undertakes to select the first two horses representing different interest to finish, in either order to finish in the race on which the pool is operated. If the same betting interest finishes first and second (i.e. 1-1-, 2-2), the payout will be on the horses finishing first and third.

Triactor Betting

A Triactor bet is a betting transaction in which a purchaser of a ticket undertakes to select the first three horses representing different interest to finish, in the exact official order to finish, in the race in which the pool is operated.

Superfecta Betting

A Superfecta is a betting transaction in which the purchaser of a ticket undertakes to select the first four horses representing different betting interest to finish in the exact official order of finish, in the race on which the feature is operated.

Pick 3, 4, 5, 6, and 7 Pools

The Pick 3, 4, 5, 6, and 7 bets are betting transactions in which a purchaser of a ticket undertakes to select the official winners of each of the 3, 4, 5, 6, or 7 successive races specified for the Pick 3, 4, 5, 6, and 7 respectively. Winning tickets and a mandatory payout of the pick 3, 4, 5, 6, and 7 are determined in the following sequence: a) winners of all legs, b) most winners, c) most second place finishes or d) sequentially thereafter. Where no tickets have been sold coupling the official winners of every leg of the Pick 3, 4, 5, 6, and 7 and a mandatory payout does not apply, 25% of the day's net pool is paid out as detailed above while 75% is accumulated and carried over.

Pick 3, 4, 5, 6, and 7 Scratches

In the event a Pick 3, 4, 5, 6, or 7 ticket designates as a selection a horse which is scratched, excused or determined by the judges to be a non-starter in any of the races comprising the pick 3, 4, 5, 6, or 7 the favorite as evidenced by the amount wagered in the win pool at the time of the start of the race in which the scratched occurred, will be substituted for the non-starting selection. In the event that the money bet in the win pool for two or more favorites is identical, the selection with the lowest program number shall be substituted for the scratched horse.

Refunds

Subject to the regulations, all monies in all pools on a race are refunded where the race is cancelled, declared no contest, postponed beyond the racing card for which it was scheduled, subject to a change in distance after betting has commenced, or where the running or the finish of the race can not be properly judged.

Common Pool Wagering (Intertrack Betting)

Subject to the regulations, in the unlikely event of a communications or computer system failure, various courses of action may result depending on the nature of the breakdown. Bets from the affected sites, including advance bets, may be refunded. Customers will be advised of the course of action.

Outstanding uncashed tickets from January 1, 2019 to March 31, 2019: \$6,684.21.

The Breaking Rule

All prices in Canada must be broken to the nickel as per section 204 of the Criminal Code of Canada. For every \$1.00 bet, the minimum winning amount you will get is \$1.05 for each dollar wagered.

Drug Testing

Drug testing ensures the integrity of all races contested at Northside Downs and in conjunction with the Atlantic Provinces Harness Racing Commission pre-race blood gas analysis are conducted at random on selected horses. Post race urine tests are conducted according to the Canadian Pari-Mutuel Agency regulations.

Betting Basics

Some essentials to get you started with making a wager.

1 How to wager

Place your bet by visiting a teller, or using a self-serve terminal.

To place a bet here are just 5 things you need to know:

- 1 Name of racetrack (choose from any track in the simulcast feeds)
- 2 Number of the race
- 3 Amount of your bet (e.g. \$2)
- 4 Type of bet (see step 2)
- 5 Horse's number (see step 4)

Once you have decided what you want to bet, head to the nearest seller's window and use the sample statement as your guide:

Hello, (Racetrack), race 6, \$2 to WIN on Horse #4

2 Types of bets

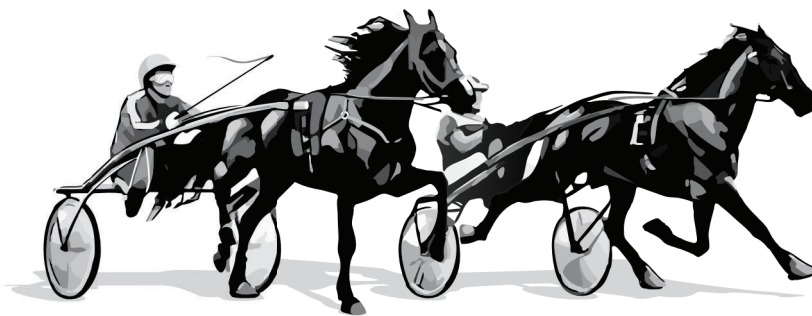

Single horse bets (minimum \$2.00 bet is required)

Bet type	Level of difficulty	Explanation and expectation
Win	UUU	Your horse must finish 1st; payoff determined by the win odds.
Place	UU	Your horse must finish 1st or 2nd; payoffs better than to show.
Show	U	Your horse must finish 1st, 2nd, or 3rd; modest payoffs.

Exotic multiple-horse bets

Bet type	Level of difficulty	Explanation and expectation
Exacta*	UUUU	Your horses must finish 1st and 2nd in exact order; riskier bet that can pay a little or a lot, depending on the horses' odds.
Daily double	UUUUUU	Pick the winners of two designated consecutive races.
Triactor*	UUUUUUU	Your horses must finish 1st, 2nd, and 3rd in exact order; can be expensive to play if you use a lot of horses.
Superfecta*	UUUUUUUU	Your horses must finish 1st, 2nd, 3rd, and 4th; big payoff possible.
Pick 4	UUUUUUUU	Pick the winner for 4 consecutive races, big payoff possible. This typically starts in race 4. They you pick race 4-5-6 and 7
Pick 5	UUUUUUUUU	Pick the winner for 5 consecutive races, big payoff possible. This typically starts in race 2. They you pick race 2-3-4-5 and 6

* Exotic bets require the horses to finish in the EXACT order you select, unless you "BOX" the bet, in which case your selections can finish in any order. For more information visit

3 Choosing your horse

How to read the program

All of the numbers and letters in the program might seem confusing or overwhelming at first but focusing on these sections makes choosing a horse simple.

4 The odds

Odds are also important to consider when choosing your horse. Horses that are thought to have a better chance of winning will typically have lower odds.

Morning line odds

Odds listed in the race program are the "morning line" odds. These are predictions of how the public will bet on the race. They are set by the track's handicapper when the race program is published, before the wagering starts.

The actual odds will be posted on the **Television** or in-field on the **Tote Board** before the race; they change up until post time, depending on how customers are betting on each horse in the race.

Calculating a \$2 win prize

To calculate a win prize, find the Odds of a horse on the **Television** or **Tote Board** (in-field board).

Multiply the first number by 2, then divide that number by the second digit (if there is one), and then add \$2. Simple as that!

Odds	1/2	2/1	7/2	5/1	10/1
Pays	\$3.00	\$6.00	\$9.00	\$12.00	\$22.00

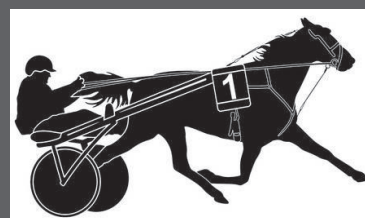

Helpful facts for betting

- Some racetracks have a television simulcast commentator who tries to identify winning horses (handicaps) between the races. Listen and see if you can pick up any good tips to bet on.
- A good betting method is to choose horses with current odds two to three times higher than their morning line odds.
